

# How to Join an ASRM Affiliated Society, Professional Group, or Special Interest Group

The steps below outline joining a group during the process of joining or renewing your ASRM membership. **To join a group at any other time, please contact ASRM Member Services.** Note that only ASRM members are eligible to join ASRM member groups.

## Joining a Group When Joining or Rejoining ASRM

1. When logged in at [www.asrm.org](http://www.asrm.org), click "Join" on the My Account page and follow the **procedures to set up your membership.**
2. After completing the licensure survey questionnaire, the next screen will allow you to join ASRM affiliated societies, professional groups, and special interest groups. Select the group(s) you would like to join. Your subtotal will automatically update to include the dues of the group(s) you selected.

The screenshot displays the ASRM membership selection interface. On the left, the ASRM logo is visible. The main heading is "Doctoral Membership". Below this, a text box explains that this membership type includes any member with a doctoral degree (M.D., Ph.D., J.D., M.B.B.S., etc.), excluding students, residents, and fellows. A Doctoral membership also comes with a complimentary print subscription to *Fertility and Sterility*. A "View More" link is provided. Below this, a section titled "Connect with your colleagues and receive even more member benefits!" leads to the "AFFILIATE MEMBERSHIP" section. This section lists several options with checkboxes and associated costs:

There is a checkbox for "I want to auto-renew my membership and authorize that my credit card be charged prior to the start of membership each year." Below this, the "Subtotal" is listed as \$375.00 USD. A note states: "Final pricing, including any available promotions and/or coupons, will be calculated at checkout." A red arrow points to the "Subtotal" value.
