

American Society for Reproductive Medicine 2019 Scientific Congress  
Philadelphia Convention Center  
Philadelphia, Pennsylvania  
October 12-16, 2019

**CALL FOR ABSTRACTS**

**Submission of an abstract for presentation implies attendance of the presenting author at the 2019 Scientific Congress in Philadelphia.**

.....

**Preparation Guidelines and Instructions**

.....

The American Society for Reproductive Medicine Scientific Congress Committee invites you to participate in the 2019 Scientific Congress in Philadelphia, Pennsylvania, through the submission of scientific abstracts for consideration for presentation. **Due to current travel restrictions, all individuals who require a visa to enter the United States are urged to immediately obtain necessary papers to attend the meeting upon submission of the abstract.** A letter inviting any individual who wishes to attend may be obtained after registering for the Congress or via the Congress website on the Attendees page (<https://www.asrmcongress.org/attendees/>). This letter does not imply any financial support by ASRM.

Abstracts must be submitted electronically through the Online Abstract Submitter program, which will be available Friday, February 15, 2019, at the following Web address:

<https://asrm.confex.com/asrm/2019/cfp.cgi>

**Final Date for Submission of Abstracts: Tuesday, April 30, 2019, 5:00 p.m. Eastern Time** for domestic US submitters, which is 10:00 p.m. GMT for international submitters.

**Changes from previous years:**

1. Submission ends on the last day of April: **April 30, 2019** at 5:00 p.m. (Eastern).
2. **ALL author disclosures are required before abstract data can be input on an abstract.** In the past, disclosures were not required from all authors to proceed with inputting the text of the abstract. Encourage your co-authors to complete them quickly once they are notified.
3. The last day to withdraw without penalty is **July 15, 2019**.
4. Minimum poster size for Poster presenters: 3 ft x 4 ft (0.92 m x 1.22 m).

## Instructions

- All abstracts and video summaries must be submitted electronically via the abstract/video submission site by the deadline. Fax, email, and postal submissions will not be accepted. Late submissions will not be accepted.
- All accepted abstracts are published in the *Fertility & Sterility* Abstract Supplement online at [www.fertstert.org](http://www.fertstert.org) as a supplemental issue, in September each year.
- **ABSTRACT EMBARGO: ASRM asks that authors maintain an embargo on information in the abstracts, along with any additional information that will be presented at the Congress, until the day and time scheduled for presentation at the Congress**, with the exception of certain abstracts that are included in ASRM's press releases for the Scientific Congress- these will usually have an embargo set a few hours earlier than the scheduled presentation time. For more information regarding what may be released publicly before the Congress, or how to comply with the embargo, please contact [enicoll@asrm.org](mailto:enicoll@asrm.org).
- Abstracts or videos regarding human reproductive cloning will not be considered or accepted.
- Abstracts must contain original work, not published, submitted for presentation at a meeting of another national or international scientific organization, or submitted for publication at the time of this submission.
- Research involving human subjects or human materials must have been approved or exempted by the appropriate Institutional Review Board (IRB) with jurisdiction or equivalent.
- A separate disclosure of commercial and financial relationships must be completed for **each individual author** through the Online Abstract Submitter program. Include each authors' first name, initial, last name, degree(s), and email address on the Add Author page. An author on multiple abstracts need only complete one disclosure. All author names should be included at the time of submission. ASRM is not responsible for missing, excluded, or misspelled names that the submitting author leaves off or misspells during the submission process. All author names will be printed in the Abstract Supplement exactly how they are input into the system by the submitting author.
- Notifications regarding acceptance/rejection will be emailed to the **presenting author** beginning June 24, 2019 to the email address listed in the Online Abstract Submitter.
- If you do not receive notification of the status of your abstract by July 8, 2019, call Technical Support at +1 (401) 334-0220 or email technical support at [asrm@confex.com](mailto:asrm@confex.com).
- All decisions by the Scientific Congress Committee and ASRM are final. **Dates and times of presentations cannot be changed.**
- All presentations are to be in English (oral, poster, and any PosterPlus material).
- Authors assume complete responsibility for the data at the time of submission.
- Last date to withdraw abstracts accepted for presentation without incurring a penalty: **July 15, 2019**
- **Penalty: Any presenting author who fails to present an accepted abstract or have it presented by a co-author, or who withdraws an abstract after July 15, 2019, will not be allowed to serve as an author on an abstract considered for presentation at the ASRM Scientific Congress for the following two years.** ASRM reserves the right to impose additional penalties on other

parties (including corporate and other sponsors of research projects) for improper withdrawal of abstracts. Exceptions will be considered if the ASRM is given prompt notification for extreme, unforeseen circumstances.

- ***Submission of an abstract for consideration for presentation implies that the presenting author or a designated co-author will attend the meeting to present his/her work if accepted.***
- All authors agree to abide by ASRM policies pertaining to submission, publication, embargo, and presentation of abstracts.

### **To Submit an Abstract:**

1. Review the submission instructions below, including the information on awards.
2. Go to <https://asrm.confex.com/asrm/2019/cfp.cgi>
3. Click on the red button that says, "Submit an Abstract".
4. Complete the abstract submission sections.
5. Save your work as you complete each section. You can return to your abstract at a later time for editing at any time by clicking on the link provided in your email (you will be required to create a login and password, validated in your email) or via the link on the right side of this <https://asrm.confex.com/asrm/2019/cfp.cgi> page.
6. **All co-authors must complete an online disclosure before the submission deadline for the abstract to be sent to review.** Co-author names may be left off the published abstract if they fail to complete the disclosure. Your abstract is not submitted until all associated co-authors have completed their online disclosures.
7. Review a printed copy of your abstract (keep the copy for your file) and make changes in the online program before you submit it. No changes can be made to the title, authors, or body of the abstract after the April 30, 2019 deadline.
8. Submit/Finalize the abstract.

### **Abstract Award Criteria:**

For an abstract to be considered for any award, one author must be a member of ASRM in good standing. An abstract may receive more than one award. ASRM prize awards will be announced and the recipients will be recognized during the Awards/Closing Ceremony, Wednesday, October 16, 2019.

### **Oral presentations:**

Candidates for two Scientific Congress Prizes will be selected by the Scientific Congress Committee from all abstracts submitted to the meeting regardless of designation of group for initial review. These oral presentations will be judged at the meeting and selection will be determined by the Scientific Congress Prize Paper Committee. The presenters of the two Scientific Congress Prize papers will each be awarded \$1,000.00.

### **Poster Presentations:**

Posters must be mounted on the correct, numbered boards on Sunday afternoon, October 13<sup>th</sup>, between 12:00 p.m. and 5:00 p.m. or Monday morning, October 14<sup>th</sup>, between 9:00 a.m. and 12:00 p.m.

and must be left in place for the entire meeting. Posters will be judged by the Scientific Congress Prize Poster Committee for prize awards. The awards are:

- First Prize: \$500.00
- Second Prize: \$300.00
- Third Prize: \$200.00

### **Corporate Member Council (CMC) In-Training Travel Awards**

These awards are made possible through the generous support of the ASRM Board of Directors and the ASRM Corporate Member Council.

#### *Awards*

- \$1,000 USD to trainee abstract presenters from within the United States
- \$2,000 USD to trainee abstract presenters traveling from countries other than the United States\*

#### *Eligibility*

- Awardee must be an undergraduate, graduate, medical or allied health professions student, postdoctoral trainee, or clinical resident or fellow.
- Awardee must be the first and presenting author of the abstract.
- Abstract must have been selected for oral or poster presentation in the ASRM 2019 Scientific Congress.

#### *Application*

- Applicants must check the box on the abstract submission site indicating their desire to be considered for an award.
- Applicants must upload curriculum vitae, including current educational program. Instructions on how to upload materials will be included on the Abstract submission website.
- Awardees will be notified by email by July 15, 2019.
- Payment will be made at the time of the Scientific Congress.
- Selection will be based on scientific merit of the abstract and qualifications of the presenter.

\*Residents of the following countries are NOT eligible for the international awards: Andorra, Aruba, Australia, Austria, Bahamas, Bahrain, Barbados, Belgium, Bermuda, Brunei Darussalam, Canada, Cayman Islands, Channel Islands, China, Croatia, Curaçao, Cyprus, Czech Republic, Denmark, Equatorial Guinea, Estonia, Faeroe Islands, Finland, France, French Polynesia, Germany, Greece, Greenland, Guam, Hungary, Iceland, Ireland, Isle of Man, Israel, Italy, Japan, Korea, Kuwait, Liechtenstein, Luxembourg, Macao SAR, Malta, Monaco, Netherlands, New Caledonia, New Zealand, Northern Mariana Islands, Norway, Oman, Poland, Portugal, Puerto Rico, Qatar, Rep. St. Kitts and Nevis, San Marino, Saudi Arabia, Singapore, Sint Maarten, Slovak Republic, Slovenia, Spain, St. Martin, Sweden, Switzerland, The Hong Kong SAR, Trinidad and Tobago, Turks and Caicos Islands, United Arab Emirates, United Kingdom, and Virgin Islands (U.S.).

### **Resident In-Training Award:**

This award will recognize the presenter of an exceptional abstract who is currently a resident in training in the field of obstetrics and gynecology or urology. Applicants who wish their abstract to be considered

for this award must check the “Resident In-Training Award” check box in the Online Abstract Submitter.

The awardee will receive:

- \$500.00
- One-year free ASRM membership
- Free registration for ASRM 2019 Scientific Congress, in Philadelphia, PA.

**In-Training Awards for Research:**

Five (5) In-Training Awards for Research will be granted in recognition of outstanding research conducted by individuals who are in-training. Applicants who wish their abstract to be considered for one of these awards must check the “In-Training Award for Research” check box in the online Abstract Submitter. He/she must be the presenting author (first) and must be a medical student, resident, fellow or undergraduate, graduate or postdoctoral student. Each awardee will receive:

- \$250.00
- One-year free ASRM membership
- Free registration for ASRM 2019 Scientific Congress, in Philadelphia, PA.

**Society of Reproductive Surgeons (SRS) In-Training Awards for Research:**

Three (3) SRS In-Training Awards for research will be granted. The purpose of these awards is to recognize outstanding research conducted by individuals in-training. Applicants who wish their abstract to be considered for one of these awards must check the “SRS In-Training Award for Research” check box in the Online Abstract Submitter and must submit their abstract to the “Reproductive Surgery” category. The candidate must be the presenting author (first), must be a medical student, resident, fellow or undergraduate, graduate, or postdoctoral student, and must attend the ASRM 2019 Scientific Congress, in Philadelphia, PA and present the abstract. Each awardee will receive:

- \$250.00
- One-year free ASRM and SRS membership
- Free registration for ASRM 2019 Scientific Congress, in Philadelphia, PA.

**Society for Male Reproduction and Urology (SMRU) Traveling Scholars Award Program:**

The objective of this award is to provide an opportunity for trainees to learn more about the field of male infertility by attending educational activities at the ASRM Scientific Congress. Awardees will receive reimbursement of up to \$2,350 in travel expenses to attend the Congress, which will be held in Philadelphia, PA, October 12-16, 2019.

*Awards*

- Registration fee waived for the ASRM Scientific Congress.
- Registration fee waived for the SMRU Postgraduate Course.
- Registration fee waived for one Roundtable Luncheon.
- Registration fee waived for the SMRU banquet.
- One-year membership to ASRM and to SMRU

*Eligibility and Application*

- Applicants must be trainees in the field of male infertility, or trainees who are considering

entering the field of male infertility. Trainees may include medical students, residents, fellows, undergraduate students, graduate students, or postdoctoral fellows.

- Applicants must be the first author of an abstract submitted to the **Male Reproduction and Urology: Traveling Scholars** category of the ASRM online abstract submission website.
- To receive reimbursement for travel costs, awardees must attend the SMRU Pre-Congress Course as well as special interest sessions on each day of the ASRM Scientific Congress.
- Applications must email the following to Susanna Scarbrough ([sscarbrough@asrm.org](mailto:sscarbrough@asrm.org)): an application form, curriculum vitae, letter of recommendation from the trainee's mentor, and a statement of career goals.

Completed application materials must be received by **May 2, 2019**. Prior to submitting an application, applicants and mentors should ensure the applicant's availability to participate in the SMRU Traveling Scholars Program. Failure of an awardee to present his/her abstract, or failure of an awardee to attend SMRU-sponsored activities, without a legitimate medical excuse, will result in penalties to the awardee and/or mentor, including denial of travel reimbursement to the awardee and/or denial of applications from the mentor's program for a period of two years. Preference will be given to applicants in their earlier years of training; however, applicants in their senior years of training also will be considered. Applicants not currently in the field of male infertility, but who are considering entering this field, also will be considered. More detailed information about this specific award can be found here: <http://www.asrm.org/smru-traveling-scholar-award/>.

#### **Affiliated Societies:**

The Society for Assisted Reproductive Technology (SART), the Society for Reproductive Endocrinology and Infertility SREI, the Society of Reproductive Surgeons (SRS), and the Society for Male Reproduction and Urology (SMRU) select prize papers and awards.

#### **Professional and Special Interest Groups:**

Several of these groups select prize papers for cash awards.

### **GUIDELINES FOR ABSTRACT SUBMISSION:**

#### **A. Content**

1. Abstracts must adequately describe the research performed so that the quality, originality, and completeness of the work can be evaluated. Only structured abstracts with the following headings can be submitted. Failure to follow the proper format will disqualify the abstract for grading and consideration.
  - a. **Objective:** An introductory sentence indicating the objective and purpose of the study
  - b. **Design:** A briefly worded description of the study design
  - c. **Materials and Methods:** A description of experimental procedures including applicable statistical evaluation
  - d. **Results:** A summary of the new, previously unpublished data and results

- e. **Conclusions:** A statement of the study's conclusions
2. Abbreviations used in abstracts must be defined. Abbreviations are permitted in titles if they immediately follow the term being abbreviated and are enclosed in parentheses. If used in the text, they should be defined at first mention if not already defined in the title.
3. Where possible, generic names should be used for pharmaceuticals, biologics, and medical devices. The trade name of the particular product used in a study can be referenced. The trade name may be used if the product is the only one of its general type and use of the generic name would encumber the reader. Promotional language and logos may not be used.
4. When creating an abstract, list the presenting author first. Search and add each author using their first name, last name, or email address. If you are not able to find an author using the search feature, please click the provided link to enter a new author. New authors' first name, last name, degree, and email should be entered. The authors' names will be printed in the program exactly as submitted. The co-authors are responsible for inputting their affiliation information and correcting any issues with their name or degree(s). Please use the same author information for every abstract on which an author appears. Your abstract will not be submitted nor be reviewed if all co-authors fail to complete their disclosure. All author names should be included at the time of submission. ASRM is not responsible for missing or excluded names that the submitting author leaves off during the submission process.
5. Do not identify individuals in the title or abstract body. Doing so will result in the abstract being disqualified.
6. **The authors and body text of the abstract are limited to a total of 2700 characters (spaces are not counted in character total), which may include one table. Authors may distribute the characters among these items as they choose.** Inclusion of a table will replace 320 characters. Figures and/or graphics are not permitted and will be deleted.
7. **TITLE PAGE:** Type in your title and select your presentation preference (Either Oral or Poster, or Poster Only). Once done, click on SAVE AND CONTINUE at the bottom of the page.
8. **CATEGORY and TOPIC are required fields.**
9. **AUTHOR(s):** In the Online Abstract Submitter, provide names of all co-authors. The Presenting Author should be entered first. Before adding a new name, search the database to see if that name and contact information have already been entered. The search is not case sensitive and returns only exact matches. Do not use wildcard characters such as \*. If the name is not found, enter it in the data entry form that appears next.
10. **AUTHOR DISCLOSURES:** All authors included on the abstract are required to complete a CME disclosure form. You will not be allowed to complete any other part of your abstract until all co-author disclosures are complete. When you enter author information, an email is automatically sent to the co-authors, asking them to complete the disclosure. You can also send email reminders to authors missing disclosures. If you complete all steps of your submission and then add more authors, your submission will not be considered complete and will not be submitted for consideration until those newly added authors complete their disclosures.
11. **ABSTRACT TEXT:** Format the abstract into five (5) sections. Each section must be preceded by a section heading. Section headings must be in upper case, followed by a colon, as shown below.

You may copy and paste formatted text from your word processor or use the buttons on the text box to format your text or add special characters.

12. **QUESTIONNAIRE PAGE:**

- Check “This abstract was not previously published, presented, or accepted for presentation” if the abstract contains original work. This means the work has not been 1) presented at a meeting of another national or international scientific organization prior to this meeting, or 2) submitted for publication at the time of submission to ASRM.
- **Support:** (optional) Identify all sources of financial support for the research or state "None" if appropriate.
- References: (optional) Identify all source materials
- ACCME Disclosure - Select your choice from the drop-down selection. You can choose to include your disclosure verbally or on a slide in your presentation.
- If appropriate, select “The abstract has been approved by a local Institutional Review Board (IRB) or equivalent” if human subjects or any human materials were utilized.
- Check “I accept complete responsibility for the data at the time of submission.”
- Check “HIPAA Compliance” to indicate you are in compliance with the HIPAA standards to protect the privacy of the patients discussed in your presentation (or to indicate your presentation does not pertain to patient treatment).
- **Data Submitted for Separate Abstract & Video Consideration** – only check this box if the results will be submitted for presentation as a scientific abstract (oral or poster) and the methodology will be submitted as a video. Note: The two presentations cannot be identical and will be reviewed for duplication.

13. **AWARDS PAGE:** Select any awards you are eligible for.

14. **CV UPLOAD PAGE:** A CV is only required if the presenting/first author is applying for an In-Training award.

15. **REVIEW AND SUBMIT PAGE:** When you have completed the abstract submission process, **print a copy of your abstract and keep it for future reference.** Once the submission portal closes on April 30, 2019, you will not have access to the record to print or make edits.

16. Review and selection of abstracts: Abstracts will be reviewed by the Scientific Congress Committee and selected for inclusion in the program on the basis of scientific content and significance to the field of reproductive medicine. Reviewers will consider the following criteria in their evaluations:

**Score Criteria**

**1. Originality**

0-2 None

3-4 Many other well-designed studies

5-6 A modest number of other similar studies

7-8 Few similar studies

9-10 Unique

## **2. Clarity of Writing**

0 Unintelligible

1-2 Difficult to understand, does not adhere to structured design

3-4 Can understand the majority, but spelling and grammatical errors impede interpretation

5-6 Can understand most, but numerous spelling or grammatical errors

7-8 Can understand most with few spelling or grammatical errors

9-10 Clear, grammatically correct, no spelling errors

## **3. Study Design**

### **a. Clinical Study**

0-2 Case report or series with  $N < 6$

3-4 Retrospective, no controls

5-6 Retrospective, historical or case control

7-8 Prospective, without randomization

9-10 Prospective, randomized controlled trial

**OR**

### **b. Basic Research Study**

0-3 Poorly designed or executed with inadequate controls

4-6 Some deficiencies in design with some merit

7-10 Well-designed and executed with appropriate controls and interventions

**OR**

### **c. Registry/Database Study**

0-3 Small sample size, questionable co-variables, low impact

4-6 Medium sample size, reasonable co-variables, potential impact

7-8 Large sample size, novel question, impactful

9-10 Linkage study, appropriate statistical modeling, impactful

## **4. Sample Size**

0-3 Inadequate sample size to allow conclusions

4-6 Questionable sample size

7-10 Provides statistical justification of sample size and meets sample size requirements

## **5. Data Analysis and Conclusions**

0-3 Inadequate analysis; conclusions not supported by data

4-6 Deficient analysis; conclusions partially related to data

7-10 Appropriate analysis; conclusions supported by data

## **6. Significance**

0-3 Little if any significance; does not advance the field

4-6 Modest contribution to the field; advances the field modestly

## 7-10 Important contribution to the field

### B. Author Identification

Include presenting (first) authors': 1) full name (family names and given names) and degree(s), 2) email addresses for abstract acceptance notifications, 3) mailing address, 4) and telephone number. Please use the same author information for every abstract on which an author appears. Co-authors will complete their own contact and affiliation information as part of their disclosure.

### C. Poster or Oral Presentation

Case reports and retrospective case studies might not be considered for oral presentation unless the findings are of extraordinary importance. Abstracts will be considered for oral presentation unless the author designates "Poster Only" in the box provided. Abstracts not selected for oral presentation will be considered for poster presentation.

Oral presentations will be 10 minutes in length followed by five minutes of discussion. PowerPoint and the use of LCD projection will be supported. Presenters submit their presentations prior to leaving for the meeting to a link included in the audio-visual instructions.

Poster board surface areas are 4 ft x 8 ft (1.22 m x 2.44 m). **Minimum poster size is 3 ft x 4 ft** (0.92 m x 1.22 m). Poster preparation instructions will be available on the [ASRM Web site](#) prior to the meeting. Posters must be mounted on the appropriate boards on Sunday afternoon, October 13<sup>th</sup>, between 1:00 p.m. and 5:00 p.m. or Monday morning, October 14<sup>th</sup>, between 9:00 a.m. and noon and must be left in place for the entire Congress. Posters are not to be taken down before 12:00 p.m. on Wednesday afternoon. ASRM cannot be responsible for removing or returning posters. Posters left on the boards after 2:00 p.m. Wednesday afternoon will be discarded.

PosterPlus is an additional service available to ASRM's Poster Presenters. PosterPlus uses internet and mobile technology to enable poster presenters to create multimedia (video/audio) presentations that attendees can access from a mobile device. **A PosterPlus presentation DOES NOT REPLACE YOUR POSTER.** You will still be expected to display a physical poster at the meeting. If an author chooses to participate in PosterPlus, they will upload a short (1-2 minute) presentation emphasizing the key points of their poster! Congress attendees will have access to this short video presentation during the Scientific Congress via the meeting mobile app. Detailed information about these services will be available on the [ASRM web site](#) prior to the meeting as well as emailed to the presenting authors.

### D. Oral/Poster Session Selection

The Online Abstract Submitter will require you to select ONE category from among the categories listed and ONE topic from the topics listed. The majority of presentations will be grouped by category.

Abstract committees comprised of individuals from the appropriate affiliated group will review and score all abstracts submitted and recommend abstracts for presentation during the Scientific Congress to the Scientific Congress Committee. All decisions by the Scientific Congress Committee are final. **No**

**changes can be made regarding date/time of presentations.** Failure to follow instructions will result in the abstract not being considered for presentation.

**Abstract Categories (only one can be chosen per abstract):**

1. Access to Care
2. Androgen Excess
3. Clinical Female Infertility and Gynecology
4. Contraception
5. Cryopreservation and Frozen Embryo Transfer – Clinical: ART
6. Cryopreservation and Frozen Embryo Transfer – Laboratory/Basic: ART
7. Early Pregnancy
8. Endometriosis
9. Environment and Reproduction
10. Ethics
11. Fertility Preservation
12. Fibroids
13. Genetic Counseling
14. Health Disparities
15. Imaging and Reproductive Medicine
16. LGBTQ
17. Male Factor: ART
18. Male Reproduction and Urology: Clinical
19. Male Reproduction and Urology: Research
20. Male Reproduction and Urology: SMRU Traveling Scholars (Choose this category if applying for an SMRU Traveling Scholars Award)
21. Menopause
22. Mental Health
23. Nursing
24. Nutrition
25. Other: ART – Clinical
26. Other: ART – Laboratory/Basic
27. Outcome Predictors-Clinical: ART
28. Outcome Predictors-Lab: ART
29. Ovarian Stimulation: ART
30. Ovarian Stimulation – High Responders: ART
31. Ovarian Stimulation – Poor Responders: ART
32. Pediatric and Adolescent Gynecology
33. Preimplantation Genetic Testing
34. Procedures and Techniques-Clinical: ART
35. Procedures and Techniques-Laboratory: ART
36. Professional and Practice Development
37. Regenerative Medicine & Stem Cell Biology
38. Reproductive Biology: Animal and Experimental Studies

39. Reproductive Biology: Human Studies
40. Reproductive Endocrinology: Clinical
41. Reproductive Endocrinology: Research
42. Reproductive Genetics (non-PGT)
43. Reproductive Immunology
44. Reproductive Laboratory Technology
45. Reproductive Surgery
46. Sexuality
47. Professional and Practice Development

**Abstract Topics (up to 3 can be chosen per abstract):**

1. ART – In Vitro Fertilization
2. ART – Other
3. Cancer
4. Contraception/Family Planning
5. Cryopreservation
6. Embryo Biology
7. Embryo Culture
8. Embryo Transfer
9. Endometriosis
10. Endometrium
11. Environment and Toxicology
12. Female Reproductive Endocrinology
13. Female Reproductive Surgery
14. Female Reproductive Tract
15. Fertility Preservation
16. Fertilization
17. Genetic Counseling
18. Imaging
19. Implantation
20. Leiomyoma
21. LGBTQ
22. Luteal Phase Support
23. Male Factor
24. Male Reproductive Endocrinology
25. Male Reproductive Urology
26. Menopause
27. Mental Health
28. Nursing
29. Obesity and Metabolism
30. Oocyte Biology
31. Oocyte Maturation

32. Ovarian Function
33. Ovarian Reserve
34. Ovarian Stimulation
35. Oxidative Stress
36. Polycystic Ovary Syndrome
37. Practice Management
38. Pregnancy Loss and Termination
39. Preimplantation Genetic Testing
40. Reproductive Hormones
41. Reproductive Immunology
42. Sexuality
43. Sperm Biology
44. Sperm Preparation
45. Stem Cells
46. Testis
